

The Smart Coffee Table with built-in fridge

centracool.com

The future of home furniture

ERGONOMIC DESIGN

Centracool is a futuristic coffee table featuring non-frame door design with 4.2mm tempered glass top. Perfect for living rooms, home theaters, or office lobby. The two fridge areas temperature can be controlled separately. Without eating into space, it looks nice as a beautiful Center Table.

Smart Touch Control

Seamless control with the touch of a finger

Dual USB Ports

Keep your devices nearby and fully charged

Stereo Speakers

Two speakers to deliver enhanced sound and bass. Connect via Bluetooth or an Auxiliary cable

CENTRACOO L

Ali Al-Salem Street,
Souq Al-Kabeer Building B, 7th Floor,
Jebela, Kuwait City
